Benefits of Spay / Neuter:

- Reduced Risk of Cancer or other health problems
- Less desire to roam, therefore less likely to be injured in fights or auto accidents
- Reduces number of unwanted dogs/puppies
- Reduces shelter population
- Reduces spraying and marking
- Decreases aggressive behavior

PLEASE SUPPORT SPAY/NEUTER!

Prevent Homeless Pets

EXPONENTIAL EFFECTS OF NOT SPAYING & NEUTERING

Every year, unplanned and unwanted litters create millions of homeless pets. Spaying/neutering gets to the root of overpopulation of homeless pets as it prevents the birth of unwanted pets.

TOP REASON FOR NOT SPAYING/NEUTERING

"But my pet is too young."

AGE CATS CAN BECOME PREGNANT WITH THEIR FIRST LITTER
 4-6 months

AGE PUPPIES & KITTENS CAN - AND SHOULD - BE SAFELY SPAYED/NEUTERED
 8-10 weeks

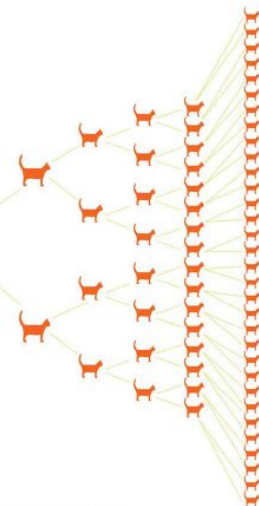

The American Veterinary Medical Association supports pediatric spay/neuter in an effort to reduce the number of unwanted pets. Ask your veterinarian about pediatric spay/neuter.

DOGS & CATS IN U.S. HOUSEHOLD NOT SPAYED OR NEUTERED

35% potentially 60 million pets that can still breed!

To find low-cost spay/neuter programs near you, visit: <http://www.peoplesavingpets.org>

It all traces back to one cat.

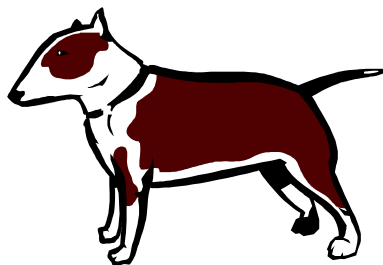

TOP REASON FOR SPAYING/NEUTERING
 "Fewer unwanted litters to find homes for."

EVERY YEAR, each adult female CAT can have 3 litters with an average of 4 kittens

EVERY YEAR, each adult female DOG can have 2 litters with an average of 4 puppies

Dogs must have majority pit bull characteristics for this program. We reserve the right to notify you if you will be charged our full S/N fee at the time of drop off.

The bottom line? This simple procedure helps pets live longer, healthier, happier lives.
